On February 10th, 1985, the heart and soul of a nation gathered in Toronto, Ontario. The group came to be known as Northern Lights and included Canada's most accomplished artists, who met that Sunday afternoon to give of their time and talent to record the enclosed song "TEARS ARE NOT ENOUGH".

The money raised through the sale of this recording goes to the Northern Lights for Africa Society, a charitable Public Foundation, registered in Canada, with a mandate to aid disease and famine in Africa as well as lend assistance to Canada's destitute.

From England to the United States and now to Canada, the challenge to bridge the distance between the rich and the poor nations continues. As was mentioned many times during the planning and recording of this song, "it is better to light one candle than to curse the darkness." The candle, with your help, continues to burn brightly.

Thank you.
