Joni Mitchell & The JONI JAM @ The Hollywood Bowl

Hollywood,

CA

“I can’t think of anyone better to console us than Joni Mitchell,” Alanis Morissette said, introducing the doyenne of the California canyons to perform the regal and resonant “Both Sides Now,” with a stripped back version of her Joni Jam band. “I really don’t know life at all,” she sang to close on a plaintive note.

The Clive Davis Gala hosts the Salute to Industry Icons Award each year. The most iconic moment of the night was a stunning performance from Joni Mitchell, who sang “Both Sides Now” and “Summertime,” beaming a smile as the crowd cheered and she heard her bandmates play. Even in a room filled with jaded music executives often difficult to impress as they get to see stars perform in intimate settings on a regular basis, no one dared to speak a word while she performed, nor look away from the stage as long as she was at her throne.
