## JONI MITCHELL

JONI MITCHELL had a mega-hit in 1970 with Big Yellow Taxi, but here are 10 more things you didn't know about the 70-year-old songbird:

**1.** Some parents recite the Bible, but Canada-born Joni was raised on Shakespeare quotes.

**2.** A polio victim at age 9, she can't play a wide body acoustic guitar due to the pressure it puts on her back and shoulder.

**3.** Mitchell taught herself to play guitar from a Pete Seeger instruction book.

**4.** She worked as a salesgirl in a Toronto Simpsons-Sears department store until she scraped together the \$140 entrance fee to join the musicians' union.

**5.** She gave up her out-of-wedlock daughter

for adoption in 1965. When they were reunited in 1996, Joni found out she had two grandchildren.

**6.** Joni wed folk singer Chuck Mitchell later in 1965, reportedly just 36 hours after meeting, and kept his last name after they split in 1967.

**7.** She had romantic relationships with David Crosby and Graham Nash of Crosby, Stills & Nash.

**8.** Mitchell suffers from rare Morgellons disease, which causes painful sores and rashes on her body.

**9.** She declined an invite to play at Woodstock in 1969 to appear on The

Dick Cavett Show.

**10.** Led Zeppelin's song Going to California is an homage to Mitchell.
